

SOFT EDGE P70

DESIGN BY ISKOS-BERLIN

Iskos-Berlin's Soft Edge chair and stool series features a rounded frame and organically shaped seat and back, blending strong curves with extreme lightness to create a minimalist design with dynamic comfort. All the edges of the ultra-thin, soft-formed seats are bent away from the body, designed to optimise human-centric comfort for constant shifting and movement. Featuring a plastic (PP) seat in a wide range of colours, and powder coated or chromed steel legs, this shorter stool variant, Soft Edge P70, shares the same uncluttered aesthetics with a feeling of lightness. Its strength and functionality ensure years of everyday use in diverse public and private environments – from the home to corporate spaces, cafés and institutions.

PRODUCT DETAILS

- / Part of a family of dining chairs, bar stools and stools with steel base or solid oak legs or polypropylene seat and back.
- / Polypropylene (PP) seat and back available in a wide range of colours, and powder coated or chromed steel base.
