

Aeron® Chair

Ergonomic to the core, Aeron was designed for all types of human bodies. For almost 30 years, we've been perfecting it so that it's not only good for your body, but good for our environment too. Now made with ocean-bound plastic, it's the exact same chair made more sustainable.

Aeron is available in a palette of four meticulously curated material expressions. Each component was thoughtfully designed, creating a fundamentally harmonious color palette, highlighted by our darkest shade, Onyx.

Designers

- Bill Stumpf and Don Chadwick, 1994
- Remastered by Don Chadwick, 2016
- Further designed for the good of the environment by Don Chadwick, 2021

Benefits

- Three sizes to fit anyone in the first to 99th percentile
- Composed of over 50 percent recycled material and now with ocean-bound plastic, Aeron is even more sustainable
- Continual ergonomic enhancements like PostureFit SL®, 8Z Pellicle®, and Harmonic™ 2 Tilt enable the sitter to maintain optimal seating posture and performance

Warranty

12-year, 3-shift

Aeron Chair

Key Features

- 8Z Pellicle**
8Z Pellicle offers unprecedented comfort through eight varied zones of tension in the seat and back.
- PostureFit SL**
Posturefit SL has adjustable individual pads that both stabilize the sacrum and support the lumbar region to provide full spinal stabilization that nurtures the natural S-shape of the spine and activates healthful posture.
- Harmonic™ 2 Tilt**
The tilt moves with you naturally, allowing you to shift from forward to reclining postures intuitively and smoothly, and always at an optimal balance point.
- Three Sizes**
Aeron comes in three sizes to ensure a more inclusive fit.
