

ABOUT A CHAIR / AAC 23

DESIGN BY HEE WELLING & HAY

The About A Chair AAC 23 design exudes the functional simplicity that is characteristic of this entire series. The full upholstered shell comprises a curved back with armrests in polypropylene, providing excellent comfort and a soft, unified silhouette, while the four-legged wooden base adds a timeless, classic expression, ensuring greater stability and a longer lifetime. The extensive range of colours, upholstery options and wood choices for the base offer the opportunity to create almost infinite design combinations.
