

S CHAIR

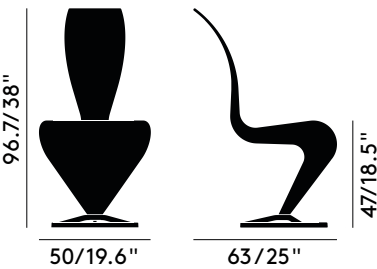

Born in Tom's 80's London workshop, the S Chair has been re-engineered. The original three-dimensional form is now moulded in an industrial hard/soft form with a pure wool cover. The instantly recognisable serpentine curves are now more comfortable and ergonomically active than ever. It sits proudly on its steering-wheel inspired cast iron base.

S CHAIR

Code
S-CHAI01

Year of Design	1991 (Re-designed in 2016)
Material	Upholstered Foam and Cast Iron
Notes	Made to order

S CHAIR

Process

A steel frame is covered using the technical process of Pure Fusion (combining hard and soft foam). A cast iron base holds the frame
