

The most inclusive fit.

Aeron's three sizes and adjustability let it fit a broader diversity of sizes and shapes than any other work chair. Anybody – from the 1st percentile female to the 99th percentile male – can find the perfect fit with the A, B and C sizes of Aeron chairs.

To help ensure proper support, the stretch of Pellicle and the range of tilt tension are calibrated to the user weights and size ranges for each chair size.

Aeron's B-size chair fits the 5th percentile female to the 95th percentile male. With its A and C sizes, Aeron optimises fit for the small and large people toward the ends of the anthropometric bell curve.

	Size A	Size B	Size C	Side chair
a	400	432	470	495
B	365-495	400-552	400-552	445
C	663	678	714	508
D	1042	1067	1143	925
E	483	515	549	610

All dimensions are in millimetres.
